

Jim Gorman's Junior Tennis Camps 2020

Hi Let's get back on the courts! First, we will be following the CDC guidelines as they apply to tennis, to make sure your kids are safe while on the courts. As the guidelines are updated, we will also. This year's basic rules all players will be required to disinfect their hands as they arrive and depart, normal social distancing, players will be limited to 4 to a court. We will be disinfecting equipment after each session.

Let's get the kids out of the house and on to the court for some fun and exercise thru the lifelong sport of tennis. Yes, we do on and off court drills, live ball skills, points and games. Come out learn, build confidence, coordination and have fun.

We will be at Gunn High School as soon as they open the courts! They currently have given me no start date. I am hoping to start on June 8th .

I will be accepting sign ups for these dates and updating you regularly. If the session cannot be taught you will receive a full refund. Thanks for your support.

Each Junior Tennis Camp session will offer a comprehensive view of tennis including shot-making, match strategy, sportsmanship, mental toughness, nutrition and other aspects of competitive tennis. Each camp is designed to build tennis skills, tactics and confidence. This year's tennis program has been expanded to include all grade levels – 1st grade through 12th.
